

WHICH TWO POST LIFTS ARE RIGHT FOR YOUR SHOP?

Determine the right lift for your shop from the most versatile line of two-post lifts in the industry.

LOW PROFILE

SPOA7-LPA

Capacity:	7,000 lbs
Vehicle class:	1 2 3 4 5
Column:	asymmetric
Min. bay requirement:	12' x 24'
Ceiling requirement:	12' - 12'6"
Shockwave option:	yes
TRIO arms standard:	no

TURF LIFT

TL07

Capacity:	7,000 lbs
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	12' x 24'
Ceiling requirement:	12'
Shockwave option:	no
TRIO arms standard:	no

QUICK SERVICE

SPOA7

Capacity:	7,000 lbs
Vehicle class:	1 2 3 4 5
Column:	asymmetric
Min. bay requirement:	12' x 24'
Ceiling requirement:	12' - 12'6"
Shockwave option:	yes
TRIO arms standard:	no

SPACE SAVER

AT077

Capacity:	7,700 lbs
Vehicle class:	1 2 3 4 5
Column:	asymmetric
Min. bay requirement:	11' x 24'
Ceiling requirement:	12'
Shockwave option:	no
TRIO arms standard:	no

THE WORKHORSE

SPO10

Capacity:	10,000 lbs
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	12' x 24'
Ceiling requirement:	12' - 12'6"
Shockwave option:	yes
TRIO arms standard:	no

THE INDUSTRY STANDARD

SPOA10

Capacity:	10,000 lbs
Vehicle class:	1 2 3 4 5
Column:	asymmetric
Min. bay requirement:	12' x 24'
Ceiling requirement:	12' - 12'6"
Shockwave option:	yes
TRIO arms standard:	yes

MEDIUM DUTY

SPO12

Capacity:	12,000 lbs
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	12' x 26'
Ceiling requirement:	13'9"
Shockwave option:	yes
TRIO arms standard:	no

HEAVY DUTY

SPO16

Capacity:	16,000 LBS
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	15' x 30'
Ceiling requirement:	13'8" - 16'8"
Shockwave option:	yes
TRIO arms standard:	yes

ULTRA DUTY

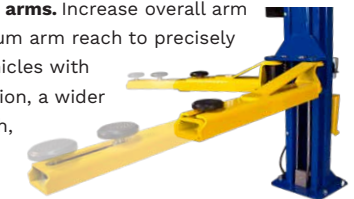

SPO20

Capacity:	20,000 lbs
Vehicle class:	1 2 3 4 5
Column:	symmetric
Min. bay requirement:	15' x 30'
Ceiling requirement:	13'8" - 16'8"
Shockwave option:	yes
TRIO arms standard:	yes

Two-post features.

TRIO™ three-stage arms. Increase overall arm sweep and minimum arm reach to precisely lift a variety of vehicles with unibody construction, a wider vehicle tread width, or a short or long wheelbase.

SHOCKWAVE™. Experience two times faster rise and descent compared to standard lifts, which saves you time and money, plus Spotline™ laser vehicle spotting for more accuracy the first time.

Color options. Keep the look of your equipment clean and cohesive with multiple color options on most lifts, including blue, red, gray and black.
